"The Vanishing American"

With Richard Dix, Lois Wilson,
Noah Beery and Malcolm
McGregor.

The screen's mighty tribute to the American Indian, first lord of the western continent.

—showing the parade of civilization from the first man and his mate down to the modern Indian.

—the Red man's gradual eclipse before the irresistible sweep of white civilization.

—his final stand in the barren wastes of the far west — his retreat into the desert fastness marked by a trail of blood —

All against the gorgeous background of the chasms and gorges of northern Arizona.

Even Zane Grey's mastery of language could do scant justice to these awe-inspiring scenes.

With a cast of 10,000 Indians and 100 principals, "The Vanishing American" is the final epic of the fast disappearing Red Man.

Coming Next Week
"Padlocked."

Fireguard District In Limelight

Oscar Hagg, who usually gets in the big yield records, reports 8,400 bushels of wheat from 170 acres, an average of over 49 bushels per acre. There may be bigger yields recorded but this one is surely big enough.

A portion of John Cook's wheat yielded 54 bushels per acre. Mr. Cook usually gets into the limelight when big crop are the topic, and this year is no exception.

Red Cross Day On Saturday

Don't forget that Saturday will be tag day for the Red Cross. This institution is so widely known and its work so thoroughly appreciated that everybody will respond to the call for funds.

Chicken Pie Dinner Tuesday, Nov. 2

A splendid programme has been arranged for the chicken pie supper on Tuesday, Nov. 2, in Campbell's hall. As the admission is only 50 cents, those who attend may rely on big returns for their money.

Ford Kicked Hard For First Time

Bert McGaw, of the Blusson mine, has a badly injured wrist as a result of his Ford car back firing while he was cranking it at Lethbridge, recently. He will carry the injured member in a sling for three weeks as a result of the injury.

Local Talent In Musical Comedy

The three act musical comedy "Cherry Blossom" will be put on in Champion by local talent in the near future. J. W. Watkins, who is directing the cast, assures us this will be one of the finest attractions in this line that has been available to Champion people for some time. Watch for further announcements.

R. TYLER SELLING FARM EQUIPMENT

R. Tyler, John Deere agent, Champion, is holding a sale of his farm effects on Wednesday, November 10th. The list, contained in an advt. elsewhere in this issue, is comprehensive and includes almost everything needed on a farm. A. Hopkins is the auctioneer.

The announcement by the Raymond Sugar factory management that the guaranteed price for sugar beets would be raised \$1.00 per ton to \$7.00 per ton for next year's crop, is expected to act as a stimulus for next year in the irrigated district.

According to an announcement by the Canadian Co-operative Wool Growers' of Toronto there will be a considerable increase in the wool clip handled by the co-operative from the province of Alberta this year. The estimate is 1,800,000 lbs. consigned to the co-operative for this year, compared with 1,550,000 in 1925.

Hallowe'en Dance Friday Night

Remember the Hallowe'en dance in McCullough's hall on Friday night. Arrangements are complete for one of the most enjoyable evenings in the history of W. I. efforts at entertainment.

Louis Miller Real Prophet

When things were looking far from good last summer, Louis Miller prophesied a good crop. His own share of this, which he has just finished threshing, is 10,300 bushels of wheat, 1,750 bushels of oats and 95 acres of feed oats yet in the field. As the price is holding at a good figure, Mr. Miller considers this the best year all round this district has experienced.

Why Veterans Sell Poppies

The Canadian Legion of the British Empire Service League are placing 100,000 poppies on sale on Armistice Day this year. The objects of the campaign are four fold. Primarily it is to honour our fallen soldiers and show that we as citizens do not forget. This tribute is paid on this day in all nations of the Allies. Secondly the greater display of poppies means increased employment to our disabled soldiers in Alberta who make up these poppies. All poppies sold in Alberta by the Legion have been made in Alberta. Thirdly whatever organization acts for the Legion can raise a fund which can only be used for local relief or charitable purposes. Fourthly a small profit is made by the Legion which helps in a small measure to reduce the Legion's expense in handling the hundreds of adjustment cases of deserving disabled widows or dependents.

Miss Chase, for two years with McCullough's here, left on Monday morning for Drumheller, where she will be married on Monday next to Mr. Ira Watkins, of Champion. Miss Chase made many friends while here who will wish her happiness in the big venture. Mr. Watkins is also well known here and will have general good wishes for a happy future.

The editor wishes to thank those who turned up during the week with subscriptions. The neglect of this matter is generally due to forgetfulness, and as this becomes general it is embarrassing. There is no pleasure in making continued reference to collection. It is hoped a very short time will find us with nothing to complain about in this respect.

Premier Brownlee has once more urged Alberta's claim to the appointment of a representative of this province on the Vancouver harbor commission when the re-organization of that body takes place. The Premier has taken the matter to the Dominion government.

Bud Roberts made a quick repair on a broken cylinder shaft which was broken on Friday night at 7 o'clock. A new shaft was secured from Calgary on the 1 a. m. train, and at 6 o'clock in the morning the machine was running.

THURSDAY, OCT. 28, 1920

NOTES AND COMMENT.

The embargo on shipments of wheat to Vancouver is unfortunate at the present time when so much wheat must be moved. The permit system will be introduced in a few days and may do much to help the situation.

Yields of forty bushels of wheat to the acre and upwards are very common in this vicinity. Without exception this year is regarded as the most profitable this district has yet experienced.

The revival of the Board of Trade is under consideration and is meeting with general approval by the business men of the town. The stage has been reached when organization of some kind is necessary if the public interests are to be looked after.

To adequately publish the big yields of grain in this district would require a complete list of the resident farmers. Even stubble is giving returns of over thirty bushels per acre. While summerfallow yields anywhere from forty fifty-five bushels.

Government control of the sale of intoxicating liquor is the big issue in the Ontario election, now under way. The present Conservative government is urging the adoption of a system similar to that of Manitoba or Saskatchewan. It is anticipated there will be a hot fight over the matter.

Much interest has been developed here in regard to the proposal of the Calgary Power Co. to extend hydro-electric service along this line of railway and the sentiment is unanimous to do everything possible to facilitate the accomplishment of so desirable an addition to local facilities. There are a number of individual plants here but the owners of these are among the most enthusiastic in the assurance of using the new source of lighting and power to the greatest extent possible.

To Our Readers

In making the suggestion that overdue subscriptions should be cleared up this fall, we wish to thank those who have kept their obligations in this line up to date. The very small amount of a year's subscription seems to lead to neglect on the part of many individuals. There is no fortune in operating a paper in a district of this size under the most favorable circumstances, and when unpaid subscriptions mount into hundreds of dollars it decidedly increases the difficulty of the situation. We are aware we do not have to continue publishing The Chronicle and have sometimes considered such a course. The majority of people, we believe, would not like to see this happen on account of the failure of readers to pay promptly so small an amount as \$1.50 per year. What is your opinion?

Growers of the new variety of wheat known as University 222 which has given splendid results in the Edmonton district during the present season will organize to promote the sale of this year's yield as seed grain according to a decision reached at a meeting held recently. A committee composed of G. F. Kinnison, A. H. Agor and D. Horwood will have charge of the details of the organization. It was decided to apply to Ottawa for a permit to sell this grain of which it is expected some 25,000 bushels will be available under the name of "University 222" pending registration and the provincial seed cleaning plant is being asked to handle this seed on a commercial grade basis. Those in attendance at the meeting reported some excellent yields of wheat this season in the Edmonton Bon Accord and Post Saskatchewan districts.

The art of reading topographic maps is quite simple to master, but there are certain basic points which should be understood. In order to present to the general public and to school teachers, a brief course in reading topographic maps, the Topographical survey, Department of the Interior, Ottawa, has just issued a small booklet "How to Read Topographic Maps." This is available to the public by writing to the Topographical Survey upon payment of the nominal sum of five cents. This little booklet will be found useful to the school teacher who wishes to impart instruction in this art to the general public who wish to place themselves in a position to more fully appreciate the diversity of information shown upon these maps. In addition to a general discussion upon Canadian topographic maps, a number of examples are taken up and studied in detail.

Corner Stone of First Church of Christ Scientist of Calgary is Laid

Simple Service Held in the Morning at New Church Building.

(Continued.)

The Corner Stone of First Church of Christ, Scientist, Calgary, now being built at corner of Fourteenth Avenue and Sixth street west, was laid on Tuesday morning Oct. 27, at 8 o'clock in the presence of the Readers, the Board of Directors, the members of the building committee and the contractors.

The service conducted by the First of hymns No. 107, "The Mother's Evening Prayer," written by Mary Baker Eddy. The tenets of The Mother Church were then read, followed by silent prayer, the audible repetition of the Lord's prayer with its spiritual meaning as contained in the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mrs. Eddy. A brief Scriptural passage from Isaiah twenty eighth chapter, verses sixteen and seventeen was then read. In the corner stone inscribed on the wall of the new building is a copy of the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mrs. Eddy, and a copy of the Manual of the Mother Church by the author. After the stone had been placed, the service concluded with the reading of the petition of the scientific statement of being.

The ceremony was very simple in character with the Manual of the Mother Church, Article XVII Section 3 which reads, "No large gathering of people nor display shall be allowed when laying the Corner Stone of a Church of Christ, Scientist."

Culling Unprofitable Layers From Flock

As the title of this article suggests, culling is a discussion which is so far from unprofitable layers are concerned. The value of this practice as a means towards flock improvement is increasingly being appreciated by the average farmer. The severity with which he applies the production or progeny test.

PUBLIC INSTITUTIONS

Galt Hospital, Lethbridge

First-class Hospital Service at reasonable rates. Private, Semi-Private, and Public Ward accommodation for surgical and medical cases.

Separate Case Room for obstetrical purposes. X-Ray, Bio-Chemical Laboratory, and all modern hospital facilities controlled by fully trained operators.

Chandler-Cleveland

**Motors Corp. Maintains
Peak Production**

September 1926 Shows 150 Per Cent Sales Increase Over September, 1925.

Chandler continues to increase its sales nationally, states Sid Black, Vice President in charge of sales and advertising for the Chandler-Cleveland Motor Corporation.

In August, 1926, Chandler enjoyed a 90 per cent sales increase over August, 1925. September, 1926, sales are now ahead of August, previous peak month this year, Vice President Black reports.

In September, 1926, Chandler showed a 150 per cent sales increase over September, 1925. The popularity of Chandler's Big Six series is reflected by a sales increase of 172 per cent over Big Six sales in September, 1925. The Special and Standard Six series show an increase of 138 per cent over September, 1925 sales.

CANADIAN BUSINESS GOOD

Chandler's Canadian sales show a 257 per cent increase the first eight months of 1926 as compared with the same period last year. The company's Canadian distribution organization has grown 400 per cent in the same period.

The Chandler-Cleveland Motors Corporation new dealer appointments in September, 1926, continue to mount figures showing a 47 per cent increase over the total of last month.

Unfilled orders on the company's books assure peak production for the year, Vice President Black states and Chandler will enter 1927 in an enviable sales position.

CHANDLER FREE FROM SHAKKLE NOISE

All 1927 Chandler models are equipped with a patented self-rolling, self-controlling shackle which not only regulates the tension on shackle but also exerts a gentle snubbing to the springs when traveling over rough roads.

There are nineteen brilliant models to choose from with prices ranging from \$1,385.00 to \$2,800.00, all prices f.o.b. Calgary, Alta.

E. F. CRAWFORD

Phone 78 DEALER

E. Latiff was very successful on a Monday morning duck hunt, securing six mallards.

"I lived bravely, I fought bravely, I die bravely--unwounded, unscathed--unafraid. Destiny alone decreed my Doom."

"Hail! Pale Face! I, the Vanishing American, salute you, Hail--and Farewell!"

Thanksgiving Day which was royally celebrated this year as it is doubtful if there has ever been more reason to give thanks for a bountiful harvest, November 8th is the day set by the government.

Dr Albert Hagerman, of Toronto, who was called west by the illness of his sister, Miss Hagerman, visited his brother, J. D. Hagerman, of Kirkcaldy, while here. The doctor was greatly impressed with the crop being threshed in this vicinity.

Local and General

Wear a poppy on Armistice Day.

The Ladies' Aid met at the parsonage on Thursday.

Mr. and Mrs. E. F. Crawford and family spent the week-end in Calgary.

This week special at Roberts' Fancy McIntosh Red Apples at \$2.25 per case.

Mrs. G. Money, of Calgary, is visiting her parents, Mr. and Mrs. Jas. Brown.

The department of public health is urging precautions against diphtheria.

Mr. and Mrs. Frank Freeze of Calgary, spent the week end with Dr. and Mrs. Freeze.

Mrs. G. A. Orr and Mrs. J. Collins were visitors in Calgary for a few days during the week.

Mr. and Mrs. Cooper, of Barons, spent Sunday at the parsonage the guests of Mr. and Mrs. Hunt.

The members of the W. I. are invited to Barons on Nov. 4th for a social afternoon. All members possible are requested to go.

"The Vanishing American" the tensely dramatic story of a fast-disappearing race--a Paramount picture filmed on a "Covered Wagon" scale.

Cuba is the latest point to be devastated by a hurricane and damage amounting to millions has been done to property in addition to many lives lost.

Anniversary services will be held in the United Church on Sunday, October 31st. On Tuesday evening a chicken pie supper will be held in Campbell's hall.

Many novelties will be introduced at the Halloween dance to be held on Friday night in McCullough's hall. This is one of the events you simply can't afford to miss.

Expert piano tuner in town. All work absolutely guaranteed. Thirty-five years experience. Country work solicited. Leave orders at Campbell's store, or phone the Savoy hotel.

Gasoline dropped two cents per gallon all over the country this week. A few more producing wells in Turner Valley should result in this product reaching a reasonable price in Alberta.

In spite of the grain being tough to a considerable extent some big threshing has been done this year by machines in this vicinity, the figures indicating big averages more than single big days.

The deliveries of wheat to the elevators here has fallen off sharply during the week owing to lack of room in the elevators although there are still a large number of trains on the road. But few empty cars are available.

Old Grots finished the season run on Monday, the first outfit to pull in here, as far as can be learned. It is anticipated the majority of the rigs will complete their work this week. While the season has been short it has been fairly profitable to the threshers owing to the big yields realized.
